Nicole --

Dana and I have been on a HQ call for the last hour+. I caught her after the call and she's available the last week of July. Unfortunately, I'm definitely out through the Wed and may be on site travel for an AZ site the remaining two. Worse, Dana is out the first week of Aug.

I think it would be best if you, Craig, Dana, Jackie (the new TASC manager now that Luis has moved to Water) and myself should be on the call. I wonder if we can explain this to Christina and see if she's willing to wait until the week of Aug 9.

I'm headed out for some lunch. Let me know if you want to talk more on this.

---

HI David-

I will not be in on Friday when Dana is in. Can you please check in with her on available dates to hold a webex call with Christina. It would probably be good to also find an hour to hold a team meeting to discuss our TASC position/strategy. Christina is available after July 21 and I will be returning on July 28. You can go ahead without me or wait until I return and then both Craig and I can participate.

Thanks,  
Nicole
